EDUCATION

Rutgers University, New Brunswick - *B.S. in Computer Science*

Graduated 2021.

Projects

yournotez.com, Open Source Chess, Website Traffic Analytics/Weather

- yournotez.com is a post it notes style Angular application which utilizes local storage to save your notes. Export these notes to pdf too! Try it out now!

-
- Chess frontend created in Angular to represent chess board. Used open source help to fix visual bugs
 - Website Traffic Analytics helps me analyze from which cities are users accessing nsk1755.com. Created using NodeJS and GCP. This information can further give the user accurate weather for that location.
